## HOTEL & LAND PROGRAM

OVERLAND

## OVERLAND - JAVA'S HISTORIC HEARTLAND - WC 2024

Become immersed in Javanese history and culture by visiting Hindu and Buddhist temples, watching artisans forge kris daggers, exploring the Sultan's Palace and strolling Yogyakarta's vibrant, somewhat offbeat shopping district.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

### DAY 1

After disembarking the ship in Benoa, you will transfer to the airport in Denpasar and fly to the city of Yogyakarta in Java. Upon landing at the Yogyakarta International Airport, you will proceed to the Kali Opak restaurant for lunch, after which you will visit the 9th-century Hindu temple compound of Prambanan.

This impressive collection of temples is dedicated to the Trimurti, a concept of Hinduism in which Brahma is the Creator, Vishnu is the Preserver and Shiva is the Destroyer. They are often referred to as the Great Trinity or Hindu Triad. Easily recognized by its towering and pointed architectural design, the UNESCO World Heritage site of Prambanan is Java's largest Hindu temple complex.

Later in the afternoon, you will transfer to the Hotel Tentrem for check-in and then dinner. The remainder of the evening is yours to spend as you please. The hotel is located in the heart of the city, an easy stroll from the vibrant district of Malioboro.

### DAY 2

Setting out before sunrise, you will drive to the stunning temple complex at Borobudur, the largest single Buddhist monument in the world. This UNESCO World Heritage site consists of six square terraces topped by three circular ones. Two million stone blocks were used to build the temple and with an estimated 2,500 relief panels and more than 500 Buddha statues, it is exquisite beyond comparison.

If you wish to watch the sunrise from the temple's highest point, you must climb more than 80 steps. However, many easier-to-access areas also offer wonderful perspectives. After watching the sunrise at the spectacular Buddhist monument and then exploring it further, you will travel to the nearby Manohara resort for breakfast.

Continuing on, you will watch the traditional art of kris-making, a skill that UNESCO recognized as a Masterpiece of Intangible Heritage of Humanity. A kris is an asymmetrical dagger with distinctive blade-patterning from its alternating laminations of iron. It can take a month to forge a single piece.

Krises have been produced throughout Indonesia for centuries, but nowhere is the kris so embedded in the culture as in Central Java. Krises are used for display, as talismans, weapons, sanctified heirlooms, accessories for ceremonial dress, indicators of social status and symbols of heroism. Kris-makers do more than forge the weapon, they perform rituals said to infuse the blade with mystical powers. As such, kris are considered to be vessels of spirits, both good and evil.

Following to your visit to the kris-maker, you will enjoy a traditional lunch before returning to the hotel to freshen up and relax. In time, you will begin an exploration of Yogyakarta that presents a side of the city best known to locals. A longtime resident will accompany you on the tour, which begins with a stroll along Jalan Malioboro, a shopping area with stores open 24 hours a day offering everything from works of art to one-of-a-kind curiosities. Your local expert will provide deeper insights into the culture and assist you with shopping, if you wish.

Jalan Malioboro is known for its unconventional approach to life, and chances are you will see street performers as a warm-up to watching a flamboyant cabaret show. In keeping with the theme of being outrageous, you will dine at a restaurant that one of the city's most famous female impersonators owns. A billboard of this beloved local TV star is displayed at the entrance to the restaurant, which is known for its fabulous Javanese and European cuisine.

One last unusual experience awaits you at a square near the palace, which each evening transforms into a weird, loud and chaotic scene of revelry. Enjoy the colorful spectacle of flashy pedal cars and raucous music before returning to the hotel for the evening.

### DAY 3

Following breakfast at the hotel, you will tour the Sultan's Palace, which is also known as the Kraton. The innermost group of buildings where the sultan resides were built in 1755. As you meander through the palace, be sure to note the ornate reception halls as well as the large open-air pavilion that was erected so that the sovereign could listen to private performances of traditional gamelan ensemble music.

Other noteworthy features include a museum-like room containing the desk at which one of the sultans planned the overthrow of the Dutch colonialists, and the ornate 'his' and 'hers' entrances decorated with male and female dragons.

Within the grounds of the Kraton, you will also find the Taman Sari, often referred to by its Dutch name of Waterkasteel, which means Water Castle. It was designed in the mid-18th century as a royal pleasure park for the first Sultanate of Yogyakarta and his entourage. It is said that the sultan would sit in the tower and watch the goings-on in the bathing complex while being entertained by his wives.

Next you will visit Kota Gede, a district famous for silver crafting. At a workshop there, you will watch a demonstration of this ancient skill before exploring more craft showrooms in the backstreets of this historic neighbourhood.

Your final visit will be to the Taru Martani cigar factory. Although Java isn't particularly known for cigars, the factory has been operating since 1918 and produces more than a dozen types of cigars. While there, you will learn much about the process, from drying the tobacco leaves through to rolling and preparing them for export.

Afterwards, you will return to the hotel for lunch and check-out before traveling to Tanjung Emas Harbor in Semarang to board your cruise ship.

## OVERLAND - AUTHENTIC INLE LAKE - 2024

Fly inland to the picturesque countryside around Inle Lake, where you will experience daily life among the locals by visiting pagodas, monasteries, markets and villages that reveal the culture of Myanmar in great detail.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

### DAY 1

This afternoon you will disembark and proceed to the Yangon Airport for a flight to Heho, Inle Lake.

Shan state's prime attraction, Inle Lake is literally dotted with interesting villages and floating gardens and is one of the most picturesque locations in all of Myanmar. The lake and the surrounding area is also home to a number of tribes, mainly Intha but also Shan, Kayah and Danu to name a few and there are fantastic opportunities for browsing at local markets and interacting with the local population.

Nyaung Shwe is the gateway to the lake and upon arrival at Heho airport you will be met and transferred to your hotel for check-in.

Dinner will be served at the hotel.

### DAY 2

Following breakfast at the hotel, you will check out and travel to the local market that rotates between villages every five days. It is a great setting to observe daily life among the multi-ethnic residents and see the various types of merchandise that is typically for sale.

Continuing your visit, you will see the five, ancient gold-covered Buddha images at Phaung Daw Oo Pagoda, the holiest monastery on the lake. The images are draped with so much gold leaf that it is actually difficult, if not impossible, to distinguish the original figures.

Other insights into the local culture will be afforded you by watching cigars being hand made in Nampan village and silk being woven in another small village.

After lunch continue sightseeing with a visit to the temple at Nga Hpe Kyaung on the eastern side of the lake, which houses an impressive collection of ancient Buddha images. There will also be the opportunity to visit a floating garden and it goes without saying any visit to the lake would not be complete without witnessing the unique technique of leg rowing which is so synonymous with Intha fisherman.

Then you will transfer to the airport for the flight back to Yangon. Upon arrival, you will transfer to the ship.

NOTE: The schedule for the 5-day market rotation will not be available until nearer the time. If necessary, the order of sightseeing will be changed in order to coincide with a market day. On some occasions, there may not be a market and the guide will make alternative sightseeing plans for that morning.

### Land Program Step by Step:

Please note: The order of sites visited may vary to avoid congestion. This program is subject to flight confirmations which are beyond our control. ## OVERLAND - THE ANGKOR EMPIRE - 2024

Explore the glorious temples of the Angkor Empire that dense vegetation obscured for centuries, enjoy an evening cruise in a Khmer-style gondola, watch a traditional dance performance and receive a monk's ceremonial blessing.

### DAY 1 - March 19, 2024

After disembarking the ship in Singapore, you will transfer to the Singapore Changi Airport and fly to Siem Reap. Upon landing, you will be met and assisted with obtaining your Cambodian Entry Visa. Once this has been issued, you will receive an Angkor Wat temple pass and then continue to the Borei Angkor Resort for check-in.

The remainder of the day will be on your own. If you wish to explore Siem Reap, historical attractions such as the Royal Residence and Angkor National Museum are nearby. There are also plenty of restaurants for dinner on your own or you may choose to dine in the resort.

### Day 2 - March 20, 2024

After breakfast at the hotel, you will transfer by tuk tuk to browse a collection of temples that include Srah Srang, Ta Prohm, Ta Nei and Takeo.

Following lunch at a local restaurant, visit the ancient city of Angkor Thom, where you will explore the 12th-century Bayon Temple, the Terrace of the Leper King and the Elephant Terrace, a sandstone wall covered with carved hunting scenes and three-headed elephants.

In the late afternoon, board a Khmer-style gondola and cruise along the moat of the walled city of Angkor Thom. Delight in the peaceful early-evening atmosphere and a magnificent sunset while enjoying drinks and canapés aboard the gondola. You have the option to walk to Prasat Chrung temple, where the views are particularly magical at twilight.

You will then return to the Borei Angkor Resort for the evening and dinner on your own.

### Day 3 - March 21, 2024

This morning, you will watch the sunrise at Angkor Wat and explore the archaeological treasures in what was once the mighty Angkor Empire. From there, the kings ruled over a vast territory that extended from the tip of what is now southern Vietnam, northward to Yunnan in China and westward to the Bay of Bengal.

The guide will point out the best spots for taking photos of the massive temple complex, as you walk the cobbled pathways, behold the intricately carved tower tops and climb narrow temple steps that lead to courtyards. Later, as a monk performs a ceremonial blessing, you may gain a greater sense of the complex's spiritual power.

Back at the hotel, you will be served a late breakfast, followed by free time to relax before lunch. The afternoon will be devoted to visiting more temples, specifically Banteay Srei and Banteay Samre.

For a glimpse into the local culture, you will then visit a traditional village. More cultural insights await you upon returning the hotel for the evening, as you will be treated to an apsara dance performance during dinner.

### Day 4 - March 22, 2024

Enjoy breakfast at the hotel, before checking out and transferring to the Siem Reap Airport for a flight to Bangkok and another to Phuket. Upon landing in Phuket, you will be met by a local guide that will assist you on the transfer to the pier, where you will embark the ship.

## OVERLAND-EGYPT'S RENOWNED RELICS LUXOR & PYRAMIDS

Indulge your senses with some of ancient history's most renowned relics during this scenic and memorable tour of Egypt. The adventure begins with a journey to the world's greatest open-air museum, Luxor City where you will be exploring the beauty and mystery of Egypt's ancient temples and tombs. On the following day, fly to Cairo where your adventure continues with visits to the famous Egyptian Museum of Antiquities, the Great Pyramids of Giza and the Sphinx.

NOTE: This program involves extensive walking over uneven ground and is thus not suitable for guests with walking difficulties or for those who require a wheelchair.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

### Day 1

Upon disembarking the ship in Safaga, you will be met by your guide and depart for the 3.5-hour drive to Luxor. Restrooms are available on the coach therefore no stops are planned along the way. Coaches are escorted along the way.

Upon arrival in Luxor the group will enjoy lunch before crossing the fabulous Nile River by motor boat and proceed to the West Bank area for a visit to the Valley of the Kings. It is here you will find the remarkable tombs of Egypt's ancient kings, their families and other Egyptian nobility.

Note: there is a step or two down into the boat, the boat is fully covered but open on the sides.

Ample time is allotted here for you to fully explore this wonderful site. The ticket you receive will include entry to three tombs of your choice. The ground is uneven and there are many steps to enter each of the various tombs.

Next, it's on to Hatshepsut Temple where there will be a short photo stop. This awesome mortuary temple that was buried under sand for centuries was built by Hatshepsut, the only woman to rule as a Pharaoh. Built into the mountainside, it stands as an incredible monument to the powers held by the pharaohs.

A second photo stop follows at the Colossi of Memnon - two massive statues that originally flanked the entrance to Amenhotep III's mortuary temple. Although the temple itself was destroyed in an earthquake and most of its remnants have long since disappeared, these magnificent statues still stand guard today, albeit over an open field.

Finally, a visit will be made to the Luxor Temple. This renowned ancient structure was originally built during the reign of Amenophis the III and then expanded by Ramses II, who added a statue of himself and two obelisks. Today, only one of them remains at the Luxor Temple; the other one was given by Mohamed Ali to Louis Philippe in 1831, and is displayed at the Concorde in Paris to this day. After Alexander the Great rebuilt the sanctuary in the 4th century B.C., the Romans subsequently rebuilt portions of it and the Muslims built a mosque in the temple.

Note: Cameras and video cameras are permitted inside the Luxor Temple. The ground is uneven here.

Following your visit to the Luxor Temple, you will be transferred to your hotel for check-in. In the evening, enjoy a relaxed buffet dinner at your hotel.

### Day 2

After an early wake up call, breakfast boxes will be distributed by the hotel before proceeding to the Luxor Airport for a 60-minute flight to Cairo.

Upon arrival in Cairo, considered to be the largest city in Africa and the Middle East, the group will enjoy a buffet breakfast at a deluxe hotel before starting the day's touring.

Your first visit of the day will be the Egyptian Museum of Antiquities. Opened in 1902, the museum has over 107 halls displaying the world's largest and richest collection of Egyptian antiquities, including statues, mummies, the priceless treasures of King Tutankhamen. NOTE: there are steps in the museum

After your museum visit, lunch will be offered in a deluxe restaurant before visiting the only remaining wonders of the Ancient World, the Great Pyramids of Giza and the Sphinx.

The Giza Plateau consists of three major pyramids or tombs, built by the Pharaohs Cheops, his son Chephren and Chephren's son Mykerinus, where their mummified bodies would rest for eternity.

Situated in front of the pyramids of Chephren, is the guardian of this ancient mortuary complex: the legendary Great Sphinx. This monumental statue, with the body of a lion and head of a human, was carved from a single piece of Giza plateau bedrock and is considered a national symbol of both ancient and modern Egypt.

At each site you will have ample time to walk around and take photos although no inside visits are permitted. Please be aware that there will be vendors selling merchandise and camel rides which you should do only at your own risk.

Following the Pyramids visit, drive back to the Cairo Airport for the flight to Hurghada which is located approximately 60 km away from the port of Safaga. Once you have arrived you will be met and transferred to Safaga where you will re-board the ship.

## OVERLAND - TREASURED TEMPLES & ORANGUTANS - 2024

Visit the 9th-century Hindu temple Prambanan and Borobudur, the world's largest Buddhist temple, before flying off to Borneo for the rare opportunity to watch endangered orangutans and sun bears in protected habitats.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

### DAY 1 - March 16, 2024

After disembarking the ship in Semarang, you will meet your guide and transfer to Yogyakarta to visit the 9th-century temple Prambanan. The temple is a magnificent piece of architecture adorned with sculptures and reliefs that are considered masterworks of Hindu art.

Unlike many temple complexes, Prambanan was not constructed in a symmetrical manner. The largest of its temples, dedicated to Shiva, rises majestically more than 150 feet into the air and is lavishly carved. If the day is clear, the temple will be silhouetted against the bright blue sky, a sight that is absolutely extraordinary.

Lunch follows at Rumah Sleman, a spectacular lodge, part of which was a home built in 1814 and moved to this location. The traditional Javanese ambiance and exquisite cuisine will make for a delightful dining experience.

After lunch, you will visit Borobudur Temple to watch the sunset, a time when there are fewer visitors. The world's largest Buddhist temple, Borobudur was built during the 8th and 9th centuries. It was constructed in three tiers, the topmost containing 72 openwork stupas, each with a statue of Buddha inside. The guide will describe the construction and significance of Borobudur, a monument so important that UNESCO deemed it a World Heritage site.

Following your visit, you will check into the luxury resort Amanjiwo in the shadow of Borobudur. The remainder of the day will be free to enjoy as you please. Dinner is included at your hotel.

### DAY 2 - March 17, 2024

Following breakfast at the hotel, you will check-out and meet the guide that will accompany you to the airport for the flight to Balikpapan on the eastern coast of Borneo. Upon landing, you will transfer to Samboja Lodge, which sits in midst of a rainforest. The lodge was designed in a local architectural style using recycled materials wherever possible and is decorated with handicrafts from the Dayaks, the non-Muslim indigenous people of Borneo.

A foundation dedicated to the survival of Borneo's endangered orangutans created the lodge and nurture the more than 200 orangutans that inhabit the six manmade islands around the grounds. You will have the opportunity to observe the orangutans, as well as the sun bears that live in a sanctuary near the lodge.

The animals are fed fruits, vegetables and leafy branches from the surrounding rainforest. To help ensure the sustainability of their food supply, you will help plant a fruit tree in a suitable location.

Later, you will enjoy dinner at Samboja Lodge and spend an evening in the wonderfully harmonious setting.

### DAY 3 - March 18, 2024

Enjoy breakfast at the hotel before checking out and transferring to the Balikpapan Airport for the flight to Singapore. Upon landing in Singapore, a local guide will assist you during the transfer to the pier, where you will embark the cruise ship.

Weather:

Hot and Dry. The average mid-day temperatures can hover to upper 30s C (85-90 F), especially in inland areas like Java. It is less breezy at this time of year the sun can be quite intense and the air becomes hazier with the rising humidity. Though sometimes quite hot, the lack of rain still leaves this a good time of year to visit the temples.

What to bring:

On this tour the key words are comfortable and casual. Remember you are visiting a foreign country and local dress codes should be observed.

\*Please avoid uncovered shoulders, shorts or revealing clothing.

\*Full length trousers or pants and/or skirts covering the knees are required to be worn when visiting the temple

Although dinners are not formal, you may want to bring something a bit dressier for that time of day.

Bring a hat or a head covering for sun protection and don't forget your sunscreen and sunglasses. It's also a good idea to bring along a small packet of tissues or wet wipes. It is also suggested that guests wear flat comfortable walking shoes (not sandals or open toed shoes / flip flops). Guest are requested to take-off their footwear and hats when visiting religious sites.

#### Local Currency:

Guests are encouraged to bring US Dollars with them as they are most commonly accepted in Java. The local currency is the IDR (Rupiah). You should take smaller denominations of US Dollars with you, as they will keep you from ending up with a lot of local change that you will not be able to re-exchange back home.

#### Electricity:

Rooms are equipped with 220-volt, two-pin US style electrical outlets. We recommend travelling with your own adaptor kits should you have electronic devices.

#### Documents and Visa Requirements:

A passport that is valid at least 6 months after travel is required

Visas will be issued on arrival in Semarang

**VERY IMPORTANT** - The name on your cruise booking, passport and any visas if required, must all be exactly the same for flight ticket purchase for this program otherwise guests may be denied travel by flight. Please ensure that all documents are identical in spelling to the names provided for your cruise reservation including first, middle and last name. Manifests generated by the cruise line must match your travel documents.

Failure to have the required documents ahead of time or incorrect names on flight tickets will result in either denial of travel or ticket re-purchase and guests will be responsible for any fees incurred.

#### Aircraft type (subject to change):

Airbus A320 216

#### Luggage:

Light luggage would be most suited for this 2-night trip. Please note that the airlines allow a maximum of 1 checked suitcase (20 kg or 44lbs) and one small carry on.

Carriage of Portable Oxygen Concentrators (POC) or CPAP breathing machines on internal flights per airline regulations (subject to change as each airline has their own regulations)

1. Guests must obtain a Doctor's Certificate mentioning their medical condition and the need to carry this equipment with them on their flights.
2. The certificate should have attached a picture of the equipment with its description/specifications especially with regards to the type of batteries used (lithium/dry or any other type)
3. These documents need to be sent to the Land Program Team via Reservations at RSSC at least one month prior to travel so that our local operator can begin the notification process with the airline(s).
4. Failure to comply with the above regulations may result in a denial of this equipment at the airport for which Regent Seven Seas Cruises nor our local ground operator be responsible for.

#### Hotels

Amanjiwo Resort

Desa, Sawah, Majakdingi, Kec. Borobudur, Magelang, Jawa Tengah 56553, Indonesia

Samboja Lodge

Economy-class flights per the itinerary (direct flights not guaranteed)

Program Excludes for guests:

Any meals or drinks (with alcohol) not included above

Gratuities to drivers and guides

Excess or overweight luggage fees for flights

Hotel incidentals including mini bar and room service

Please note: Land programs that encompass multiple days ashore customarily include extensive and prolonged activity, while those of shorter durations typically have more moderate activity levels. However, each program varies, and participants should be prepared to negotiate a mixture of surfaces which may include inclines, cobblestones, sand, gravel and natural paths. There may also be a need to climb steps or stairs on occasion. Guests who utilize a wheelchair and those with mobility concerns are advised to check with the cruise line in advance to see if any portion of the tour program may not be considered suitable for their individual situation.

All land programs are capacity controlled and subject to availability. Programs falling under the minimum number of required participants are subject to cancellation. Pricing listed is also subject to change to meet unexpected cost increases for transportation, land arrangements or currency fluctuations.

Once purchased, pricing is guaranteed and not subject to change. Mid-cruise overland programs must be purchased no later than 60 days prior to your sail date. Cancellations made within 60 days or less prior to the sail date are subject to 100% cancellation penalty.

Price: R\$21.048 per guest based on double occupancy.

Land program promotions are per person for guests 1 and 2 for one pre- or post-cruise program only, subject to terms.

## OVERLAND - TIGERS AND THE PINK CITY - MARCH 2024

Gain an extraordinary perspective of the gorgeous Pink City of Jaipur through its architectural highlights and observe iconic wildlife such as Bengal tigers on game drives in a national park.

Special Note: Guests travelling with Portable Oxygen Concentrators (POC), CPAP breathing machines or scooters should read further below for airline stipulations with regards to bringing this equipment on tour.

### Day 1 — March 30, 2024

After disembarking the ship in Cochin and attending to immigration and customs formalities, you will visit some of the city highlights before proceeding to the airport.

There, you will receive a box lunch, pass through security and then fly to Jaipur via Bangalore, arriving in the late afternoon. Jaipur is the capital of the desert-like state of Rajasthan, a land rich in legends of romance, chivalry, sacrifice and heroic deeds.

You will spend the evening and dine at the Jai Mahal Palace, the former residence of the Prime Minister. Its graceful architecture is uniquely Rajput, with cupolas, minarets and arched doorways. Open-air verandahs spill out onto lovely grounds where peacocks strut.

### Day 2 — March 31, 2024

Following breakfast, explore the Pink City, where an enduring charisma of the past blends with the throbbing vitality of today. The scholar and astronomer Jai Singh founded Jaipur centuries ago, and it is considered India's first planned city. It is often called the Pink City for the predominant color of its buildings.

Among the highlights is Amber Fort, former seat of the Rajput rulers of Jaipur. There, you may wander through the exquisite palaces and visit Shiladevi temple, the private temple of the royal family. Its marble carvings and silver door are spectacular.

Continuing to old Jaipur, you will visit the Hawa Mahal or the Palace of Winds, a fine example of Rajput artistry. It is constructed of red and pink sandstone, beautifully outlined with white borders and motifs painted with quick lime.

You will then head toward the City Palace, a sprawling structure surrounded by a high wall. The royal family lives in a portion of the palace. Other areas have been converted into museums displaying textiles, costumes, paintings and carpets.

Across from the palace, you will find the open-air royal observatory Jantar Mantar, an esteemed World Heritage site. Jai Singh ordered its construction in the 18th century. It contains the world's largest stone sundial, among other astronomical instruments.

Return to the hotel for a late lunch after which you will have a 3.5 hour drive through the countryside to the famous tiger sanctuary at Ranthambore. Your stay here is at Taj Sawai Madhopur Lodge, former tiger hunting retreat of the Maharaja of Jaipur.

Dinner and overnight at Taj Sawai Madhopur Lodge.

### Day 3 - April 1, 2024

Coffee, tea and rolls are served at dawn before proceeding on a drive through the park in a Jeep or canter safari vehicle with expert naturalists. They will point out and describe the great diversity of birds, mammals and major predators.

The deep gorges of Ranthambore serve as hideouts for animals such as leopards, tigers and sloth bears. The forest also provides a natural habitat for spotted deer and sambar, the largest Asiatic deer. Woodland, ground and water birds are plentiful, including red junglefowl. Although Ranthambore was once a hunting ground for Bengal tigers, it has become a research and conservation area for these magnificent animals, especially in the last decade or so.

The 10th-century Ranthambore Fort that overlooks the reserve is so historically important that UNESCO deemed it a World Heritage site. You may notice various animals resting on its ancient ramparts.

Return to the resort for breakfast and a morning at leisure.

In the afternoon, you may choose to visit Dastkar, an extraordinary center for crafts, the majority of them created by women as their sole means of income. The bazaar at Dastkar helps the local villagers become self-reliant, as the craftspeople sell their products independent of a commercial middleman. You will view them creating a huge variety of traditional items by hand.

Later in the afternoon, you will enjoy a second game drive, exploring yet another area of the national park with a naturalist guide.

Dinner follows at the lodge, where you will spend the evening.

## Day 4 - April 2, 2024

After an early breakfast and check-out from the hotel, you will drive to the airport for a flight to Mumbai. Lunch is served on the flight.

Upon arrival in Mumbai you are met and transferred to the port to re-embark the ship.

NOTE: Pending confirmed flight details, this program has been planned so that World Cruise Guests will be back in time for the planned event in Mumbai.

### Land Program Step by Step

## OVERLAND - AJANTA AND ELLORA CAVES - 2024

Fly to Aurangabad to explore India's most extraordinary cave temples carved out of sheer rock—the caves of Ajanta, where Buddhist monks once lived, and the Ellora Caves, which three different religious groups occupied.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

Due to the amount of walking, at times on uneven surfaces, this program is not recommended for anyone with walking difficulty or if a cane, walker or wheelchair are used.

### Day 1 – Saturday, March 30

After disembarking the ship in Cochin, you will transfer to the airport for a flight to Mumbai. En-route you will have a city tour of Cochin and lunch at a local hotel. Your bags will be transported to the airport in a separate baggage van for an advance check-in.

Upon arrival in Mumbai, you will be met and transferred to your hotel for the evening. Dinner is included.

### Day 2 – Sunday, March 31, 2024

Early in the morning, a light continental breakfast is served in the lobby prior to transferring to the airport for a flight to Aurangabad.

At the airport, receive boarding passes and proceed through security. Refreshments are served on board the flight.

Upon arrival in Aurangabad, transfer to your hotel for breakfast and use the facilities.

After breakfast, drive into the countryside towards the Ajanta Caves. In the early 19th Century, a group of British officers accidentally came upon these caves, which were buried under debris and screened by foliage. The first of these caves was hollowed out from the site of the cliff in the 2nd century B.C.

Strung out in a sweeping horseshoe shape in an inner fold of the hills, the caves were a secluded retreat for Buddhist monastic orders and yet offered easy access to the trade routes that swung past here to the coast. With little more than hammers and chisels, the monks painstakingly and slowly created underground shrines, chapels and monasteries, where they lived, taught and carried out ritual performances. The 30 caves of Ajanta, some unfinished, span a period of 800 years and contain numerous images of the Buddha.

A packed lunch prepared by your hotel is served before returning to the hotel.

The evening is at leisure with an option to revisit the Aurangabad town.

Dinner is included at your hotel

### Day 3 – Monday, April 1, 2024

After breakfast at your hotel, you drive into the picturesque hills to the north and visit the Ellora Caves. This magnificent UNESCO World Heritage site contains 34 Hindu, Jain and Buddhist caves cut into volcanic lava cliffs.

The once-abandoned, more than 2,000-year-old caves lie near an ancient trade route and are believed to be the work of priests and craftsmen who used the route. The carvings, ornamentation and frescoes inside tell the stories of how these three religions evolved.

The most marvelous cave temple is Kailash. The world's largest monolithic sculpture, it was sculpted out of a rock by 7,000 laborers over a 150-year period. The story of its construction is inscribed on the copper plate grant of King Krishna I, under whose patronage the temple was carved. Architecturally and sculpturally, art historians consider this to be the finest cave temple in the world.

Following your exploration of the Ellora Caves, you will return to the hotel for lunch and some time at leisure.

In the afternoon visit the revered Bibi Ka Maqbara tomb, known as the Black Taj because it is so similar to the Taj Mahal in Agra. Also visit a Himroo weaving workshop, where fine shawls, sarees and textiles are produced. Himroo merchandise was originally woven with pure gold and silver threads for royal families.

Upon returning to the hotel, dinner is included.

Note on walking and steps:

Ajanta Caves are carved into the side of a hill range. From the bottom, it takes 105 steps to get to the top which is typically an easy climb for anyone without walking difficulty. Once at the top, there is a gradual walk from one cave to the next. For guests with difficulties, our local operator can arrange Palanquins (a conveyance usually for one person that consists of an

enclosed litter borne on the shoulders of men by means of poles) up and down as well as from one cave to the next, if necessary.

Ellora Caves are on ground level over a spread-out area. Battery buses shuttle between caves. The only place where a climb is encountered is at the Kailash Temple where there are easy steps however once again those with walking difficulties can be carried up and down.

Day 4 - Tuesday, April 2, 2024

Coffee, tea and juices are served in the lobby prior to transferring to the airport for an early morning flight to Mumbai. Upon arrival at airport, receive your boarding passes and proceed through security.

Breakfast will be served on the flight.

Arriving in Mumbai, you will be met and transferred to the pier with an overview of the city en-route.

Get off the beaten path and venture to viewpoints such as Belvedere Lookout, see marae (Polynesian temples) and pineapple fields, and visit an island juice factory and distillery. Expert narration is offered throughout.

Day 1 – Saturday February 10, 2024

In the morning, you will be met on the dock in Moorea. Board your open air vehicle where you will begin a half-day sightseeing tour of the island. Note: Your tour truck will have two rows of seating facing each other in the back under a canopy. Guests do not drive.

Discover the beauty of Moorea as your guide shares their island knowledge and takes you to some of the most beautiful spots on earth.

Begin with a scenic drive in Cook’s Bay. Admire the magnificent mountain drop offs unique to this bay.

Continue to the crater of the volcano, movie set of the world-famous Mutiny on the Bounty shot in 1983 with Mel Gibson and Anthony Hopkins.

You will also drive through the pineapple fields and learn all about this major crop of the island of Moorea.

The next stop will be the Agricultural School where you will have the opportunity to taste fresh fruits in season, as well as a wide selection of jams produced by the students.

Continue to the famous Belvédère lookout point, from where you can admire both Cook’s and Opunohu Bays, the volcano crater, and the majestic Mount Rotui.

On the way down, visit the marae (ancient polynesian temple): your guide will share with you her knowledge of this preserved archeological site, a major witness of the polynesian culture.

Your next stop will be the Fruit Juice Factory & Distillery where you will have the chance to taste the large choice of fruit juices produced locally, among which the famous Moorea pineapple juice, as well as local alcohols.

Last, but not least, before you reach your hotel, enjoy the outstanding panorama from Taotea Viewpoint. The island of Tahiti stands right in front of you, with the magnificent turquoise lagoon of Moorea in the foreground.

Your tour will conclude at the idyllic Sofitel Kia Ora Moorea Beach Resort. Sitting on the edge of the crystal-clear lagoon framed by jagged green mountains, the resort offers magnificent overwater bungalows with elegant interiors where a glass panel in the floor gives a glimpse of the seabed below.

Enjoy a two-course lunch at Restaurant Pure, boasting a superb view over the lagoon. This restaurant offers local and international cuisine.

At 2:00pm your room will be available for check in and the rest of the day is at leisure.

Your Overwater Bungalow is a Polynesian-style bungalow suite with a king bed and offers a magnificent view on the lagoon. Discover the rich and multicolored underwater fauna and the exotic marine life either through the glass floor or via the ladder allowing for direct access into the lagoon. Also enjoy sunbathing on your private waterside deck.

You might wish to walk along the beach, take a refreshing swim in the ocean, snorkel in the lagoon, and pamper yourself in the spa.

During your stay, you will have the opportunity to use the hotel pool, beach and non-motorized water toys per the hotel’s complimentary list.

Later, you will enjoy a three-course dinner at Restaurant Pure, before retiring for the evening.

A Polynesian cultural show is included on Saturdays (subject to change by hotel management)

Day 2 – Sunday, February 11, 2024

In the morning enjoy a hearty American buffet breakfast at Restaurant Pure.

The remainder of the morning is yours to enjoy. You might indulge in an amenity you have yet to try or revisit an activity you found particularly enjoyable. In time, you will transfer back to the terminal and ride a ferry to Papeete to re-join the

ship. Your transfer is scheduled for 1:45pm to the ferry terminal. The ferry departs Moorea for Papeete at 2:30pm. (timing subject to change)

Should you wish to have lunch before departing this will be on own.

Expected Weather:

The climate for all of the Tahitian Islands, including Moorea, is tropical. From December to February, temperatures generally range between 28-31 degrees Celsius (84-88 degrees Fahrenheit). Hot tropical rains rarely last more than 30 minutes. If the temperatures seem high, you have to count on the trade winds which blow and constantly refresh the atmosphere of the islands.

What to bring:

One overnight bag per person packed with light, loose clothing, a bathing suit, sunscreen, hat and sunglasses. If you have your own snorkel equipment you may wish to bring it in case you take a dip in the lagoon.

Documents:

Guests must bring a valid passport with them

Electricity:

220 volts (60Hz). A converter/adaptor is usually available upon request however we recommend you bring your own just in case.

Note:

Shops in French Polynesia are open from Monday to Friday 7:30 am to 5 pm., and Saturdays from 7:30 am to 11:30 am. Most establishments are closed on Sunday, including many restaurants. However, in Papeete market is open from 5 am to 10 am. Merchandise includes a variety of flowers, food, pareos (wraparound skirts), hats, mother of pearl items, art objects and souvenirs.

Please note: Land programs that encompass multiple days ashore customarily include extensive and prolonged activity, while those of shorter durations typically have more moderate activity levels. However, each program varies, and participants should be prepared to negotiate a mixture of surfaces which may include: inclines, cobblestones, sand, and gravel or natural paths. There may also be a need to climb steps or stairs on occasion. Guests who utilize a wheelchair and those with mobility concerns are advised to check with the cruise line in advance to see if any portion of the tour program may not be considered suitable for their individual situation. Weather appropriate clothing; hats; sunglasses; and flat, comfortable walking shoes are generally recommended.

All land programs are capacity controlled and subject to availability. Programs falling under the minimum number of required participants are subject to cancellation. Pricing listed is also subject to change to meet unexpected cost increases for transportation, land arrangements or currency fluctuations.

Once purchased, pricing is guaranteed and not subject to change. Mid cruise overland programs must be purchased no later than 60 days prior to your sail date. Cancellations made within 60 days or less prior to the sail date are subject to 100% cancellation penalty.

Price: R\$7.495 per guest based on double occupancy.

Land program promotions are per person for guests 1 and 2 for one pre- or post-cruise program only, subject to terms.

Experience Java like an insider by exploring fascinating places that most visitors rarely see, including Mount Bromo at sunrise and a former slum that volunteers transformed into a vibrant community full of hope.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

#### DAY 1

After disembarking the ship in Benoa, you will transfer to the airport in Denpasar and fly to the city of Surabaya in Java. Upon landing at the Juanda International Airport, you will transfer to the Plataran Bromo hotel, stopping along the way for lunch.

You will have time to settle in and freshen up at the hotel before dinner and spending the evening.

Tucked away in the highlands of East Java, Plataran Bromo offers sublime views overlooking a patchwork of agricultural plantations woven into the surrounding hillsides. The hotel is conveniently located at the gateway of Bromo Tengger Semeru National Park – a UNESCO World Heritage Site.

#### DAY 2

After waking up about 3am, you will travel by private 4WD jeep to the rim of Mount Penanjakan, which soars more than 9,000 feet above sea level. From there, you will watch the sunrise over the active volcano Mount Bromo. At 2,329 meters above sea level, Mount Bromo is one of the most iconic sights in Java, standing as the centerpiece of Bromo Tengger Semeru National Park. You can expect it to be a glorious experience as the surrounding countryside takes on an almost mystical appearance as the sunlight slowly illuminates it.

In the background, you will see Mount Semeru, another active volcano with the distinction of being the highest point in Java. Although its eruptions are small, they are almost constant. Chances are, you will see plumes of ash rising from the volcano and perhaps even the glow from lava flows inching down the mountainside.

After sunrise, you will descend the steep slopes of Mount Penanjakan, cross a plain known as the Sea of Sand and arrive at a verdant savannah. It is an idyllic setting, where you can sit on a picnic blanket and enjoy an al fresco breakfast. You will be surrounded by the magical landscape of the Bromo Tengger Semeru National Park.

Once you finish breakfast, you will drive back to Mount Bromo for a short walk of easy to medium difficulty that will take you to the base of the mountain. As an option at an additional cost, you might cross the Sea of Sand on horseback.

Upon returning to the hotel, you will check-out and head for Malang, stopping along the way for lunch. Just east of the city, in the village of Jago, you will find Jajaghu Temple. It was completed at the beginning of the 14th century and embraces elements of Hinduism and Buddhism. The temple is said to contain the ashes of the fourth king of the Singosari kingdom.

After visiting the temple, you will check into the Hotel Tugu Malang for the evening and enjoy dinner there.

#### DAY 3

Following breakfast at the hotel, you will visit Jodipan Village, which until 2016 was a slum so horrific that the local government considered re-locating the entire population to a more humane place. The situation inspired a group of local university students to give Jodipan a new and improved look by painting the village. Three tons of paint were donated and local artists, village residents and even troops from the Indonesian Air Force soon began transforming Jodipan.

Now nicknamed Kampung Warna-Warni, which translates to “colorful hometown,” the village is divided into two parts, separated by the Brantas River. While initially only the houses along the south bank were painted, it wasn’t long before the houses on the other side of the river were painted, many of them in a 3D look.

Today, a pedestrian bridge connects the two sections of Jodipan. It features brightly colored walls and illustrations of Javanese cultural images such as shadow puppets and characters from animated Hollywood movies. The improved look of Jodipan attracted tourists, the economy started to grow and the residents felt a sense of hope and optimism for the first time in years.

The head of the village, known as the Rukun Warga, will provide you with deeper insights about the village's transformation while you enjoy tea or coffee in a café. In time, you will meander through Jodipan's narrow winding streets to a studio for artists that worked on the transformation. They will show you how to create artwork with a Javanese flair.

After visiting, you will drive to Tanjung Perak Cruise Terminal in Surabaya and board your cruise ship.

#### Land Program Step by Step

The order of sites visited may vary to avoid congestion. This program is subject to flight confirmations which are beyond our control. All program details including timings and any flights indicated below are approximate, given here for general

## OVERLAND - THE BEST OF NEW ZEALAND - 2024

Enjoy the ultimate, small-group (up to 12 guests) tour of New Zealand by helicopter, seaplane, private yacht and kayak when not driving through gorgeous areas such as Waiheke Island and Milford Sound.

Note: due to the nature of the touring on this program, it is not recommended for guests who have limited mobility or require a wheelchair.

Special Note: Guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

### DAY 1

Upon disembarking in Auckland, you will meet the guide on the pier and transfer to a seaplane for the flight to Waiheke Island. Lying in Hauraki Gulf, the island is a composite of beautiful farmland, forests, beaches, vineyards and olive groves. Although Waiheke Island produces some of New Zealand's finest wines, the wineries still prefer to keep quantities low to maintain the highest quality.

During the scenic tour of the island, you will visit an olive oil mill and a vineyard for tastings. A gourmet lunch at the spectacular Mudbrick Vineyard and Restaurant follows.

Afterwards, you the group will return to Auckland by private yacht before driving on to The Hotel Britomart, New Zealand's first 5 Green Star-rated building. It is located within the Britomart precinct, one of Auckland's most vibrant downtown neighborhoods.

You will have time to freshen up and relax before dinner in Kingi, the hotel's restaurant. Named in honor of the kingfish, the restaurant is hailed for its locally sourced seafood.

After dining, you will overnight at the hotel.

### DAY 2

Following breakfast at Kingi and check out from the hotel, you will transfer to the airport for the flight to Queenstown. Upon landing, each couple will be driven to Amisfield Restaurant and Cellar Door in a private 4-wheel-drive vehicle. The highly acclaimed, award-winning restaurant only uses New Zealand ingredients sourced within a certain radius of the restaurant, so you can expect a meal that beautifully reflects the local cuisine.

Following lunch, you will continue on in your private vehicle – just the two of you and your driver. Be sure to tell the driver what sorts of places you like to tour, so the route can be customized to your interests. For instance, wine lovers might like to visit Gibbston Valley, the so-called Valley of the Vines and home to some of the region's oldest vineyards. History buffs may prefer to see Skippers Canyon, once a center of the gold rush.

After a few hours of private sightseeing, you will check into the Matakauri Lodge for the evening. The remainder of the day will be at your leisure however pre-dinner drinks and canapes followed by dinner are included at the lodge.

### DAY 3

Following breakfast at the hotel, the group will begin the wonderfully picturesque drive to Milford Sound. Along the way, you will stop for lunch at Fiordland Lodge, whose spectacular restaurant overlooks Lake Te Anau and the Fiordland National Park beyond.

Later, you will find the road to Milford Sound to be one of the world's finest alpine drives. You will travel through the ancient beech forests of the Fiordland National Park and stop on occasion at scenic viewpoints before descending into the Homer Tunnel and on into valleys dwarfed by towering mountain peaks. On the approach to Milford Sound, you will enjoy a superb view of Mitre Peak at the forefront of the fiord.

When famed English author Rudyard Kipling visited in the 1890s, he declared Milford Sound "the eighth wonder of the world," and it is still stunning from every angle. You will appreciate its beauty even more while kayaking. You may see thundering waterfalls, steep-walled cliffs and abundant wildlife such as seals, dolphins and penguins.

Note: Double sea kayaks will be used. A spray jacket, life vest, spray skirt and a dry bag for clothes and cameras will be provided. The majority of the time will be spent in Deep Water Basin, and the guides will adapt the trip to the guests' ability and fitness. No kayaking experience is required.

The thrills will continue in the air, as you will be whisked away in a helicopter for a literal bird's-eye view of the rugged terrain that surrounds the sound. You can expect it to be an absolutely awe-inspiring flight. In time, the helicopter will land within the Humbolt Mountain Range, where you will enjoy yet another perspective of the area. You will then be offered a one-of-a-kind opportunity to drive biodegradable golf balls off the mountain and then toast the experience with a glass of champagne.

You will then return to Matakauri Lodge to spend another delightful night. Cocktails and canapés followed by dinner at the lodge will ensure a memorable evening.

## DAY 4

Following breakfast at the hotel, you will transfer to the Queenstown Airport and fly to Wellington, the capital of New Zealand.

If you are participating in the World Cruise Event scheduled to take place on this day, you will travel directly to the venue. The arrival time is dependent on flight details, which aren't known at this time. Flight times may affect your arrival time at the event.

For those not participating in the World Cruise Event, you will be treated to a sightseeing tour around Oriental Bay, Lambton Quay, past the parliament buildings and up Mount Victoria for sweeping views of the city and harbor.

In time, you will re-board the ship.

### Land Program Step by Step

Expected Weather

New Zealand's seasons are the reverse of those in the Northern Hemisphere. This means that the warmest months are December, January and February, while the coldest are June, July and August. The mean daily temperature in February is 23 degrees Celsius (74 degrees Fahrenheit).

What to Bring

As it will be summer, light clothing is suggested. Also, bring sunscreen and a waterproof jacket. Dress is informal and relaxed on most occasions. Smart casual clothes are acceptable at most restaurants and night-spots.

You may wish to bring waterproof clothing and footwear for the kayak portion of this trip.

Local Currency

New Zealand Dollars. US dollars are generally accepted only in establishments such as souvenir stores. However, credit cards are widely accepted. For small purchases, it is strongly suggested that local currency be used. Foreign currency can easily be exchanged at banks, some hotels and Bureau de Change kiosks, which are found at international airports and most city centers. All major credit cards can be used in New Zealand.

Electricity

Electricity is supplied throughout New Zealand at 230/240 volts, 50 hertz. Most hotels and motels provide 110 volt AC sockets (rated at 20 watts) for electric razors only. Power outlets only accept angled two- or three-pin plugs (as also used in Australia) depending on whether an earth connection is fitted. For this reason, we recommend bringing a universal travel adaptor for electric devices.

Luggage information

One piece of hand luggage weighing 1 kilogram (a little over 2 pounds) and one checked luggage weighing 23 kilograms (about 50 pounds) are allowed per person per flight. Excess or overweight luggage will be subject to fees imposed by the airlines and will be the responsibility of each guest to pay upon check in for the flights.

Documents and Visa Requirements

A valid passport is required. Check with your local NZ Embassy for visa requirements for your nationality.

**VERY IMPORTANT** - The name on your cruise booking, passport and visas if required, must all be exactly the same for flight ticket purchase for this program; otherwise, guests may be denied travel by flight. Please ensure that all documents are identical in spelling to the names provided for your cruise reservation including first, middle and last name. Manifests generated by the cruise line must match your travel documents.

Aircraft type (subject to change)

- Flights from Auckland to Queenstown and Queenstown to Wellington are commercial flights with Air New Zealand
- Flights from Auckland to Waiheke are on seaplanes
- Helicopter flightseeing are on Squirrels, Eurocopters or BK118s, depending on the number of guests

Carriage of Portable Oxygen Concentrators (POC) or CPAP breathing machines on internal flights per airline regulations (subject to change as each airline has their own regulations)

1. Guests must obtain a doctor's certificate mentioning their medical condition and the need to carry this equipment with them on their flights.
2. The certificate should have attached a picture of the equipment with its description/specifications, especially with regards to the type of batteries used (lithium, dry or another type).
3. These documents must be sent to the Land Program Team via the Reservations Team at least one month prior to travel so that our local operator can begin the notification process with the airline(s).
4. Failure to comply with the above regulations may result in a denial of this equipment at the airport for which neither the cruise line nor our local ground operator be responsible.

You'll spend one-on-one time with cuddly koalas, snorkel within the world's largest coral reef system and visit the Indigenous heartland of Australia when you journey to the 'Red Centre' to experience the beauty of Uluru (Ayer's Rock). With so much to experience from land to sea, this is a journey you won't want to miss.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour. This program is not suitable for guests who utilize a wheelchair or rely on walking aids due to the level of mobility required to participate in each of the activities.

### DAY 1 - March 6, 2024

Disembark your ship in Cairns this morning and meet your dedicated tour guide for the next five days. Board your awaiting coach and depart on a one-hour drive to the Wildlife Habitat in the charming coastal town of Port Douglas.

Here you will have the opportunity to come face-to-face with Australia's iconic wildlife-including the Koala, Kangaroo & Cassowary. Following your visit to Wildlife Habitat, you will visit the charming town of Port Douglas where you will have some free time to explore the numerous shops and cafes.

Next, you will depart for lunch at the Treehouse Restaurant at Silky Oaks Lodge in the treetops of the Daintree Rainforest.

After lunch, you will depart for Mossman Gorge, nestled in the ancient Daintree Rainforest. Here, you will be joined by a local Aboriginal Guide for a walking tour. As you take in the natural beauty surrounding you and observe its wildlife, your guide will share enchanting stories that will give you a glimpse into the rich cultural heritage of the indigenous Kuku Yalanji people, the traditional owners of the park.

Check-in to your hotel this afternoon and enjoy some time at leisure.

Tonight, enjoy the opportunity to network with your fellow Regent guests for a Welcome Dinner and drinks at a local restaurant.

### DAY 2 - March 7, 2024

Following breakfast at your leisure, meet in the lobby for a once in a lifetime trip to the Great Barrier Reef. Set sail in style from Port Douglas to the Outer Barrier Reef on your exclusive chartered 25-meter luxury catamaran.

Sail along the coastline with views of the Daintree Rainforest and Snapper Island before heading to the Outer Reef. Whilst underway enjoy a presentation on the reef with a marine biologist before arriving at your first reef site.

At your first reef site take the opportunity to snorkel over the mesmerizing coral gardens or for those of you who prefer to stay dry enjoy the corals from a glass bottom boat. See beautiful corals, giant clams, turtles and fish life, up close.

Once back onboard enjoy a tropical buffet lunch whilst underway to your second reef site. Once at your second reef site feel free to enjoy some more snorkeling in the pristine waters of the Coral Sea before heading back to Port Douglas. On your return trip enjoy an afternoon tea with coffee, cakes and a fresh fruit platter.

Upon return to Port Douglas, enjoy some free time before enjoying your final dinner at the hotel restaurant.

Note: snorkel equipment is provided on the boat - it is thoroughly washed and sterilized to meet covid- safe requirements. Or you may wish to bring your own.

### DAY 3 - March 8, 2024

After breakfast, depart your hotel for Cairns airport and your flight to Ayers Rock. Upon arrival, be transferred to your luxury accommodation.

Following lunch on your own, embark on the Mala Walk to Kantju Gorge. Your guide will highlight the ancient rock art and traditional bush tucker of the Anangu, as well as the cultural and geologic significance of this site. Your view of the beautiful sunset will be from a special vantage point where a glass of sparkling and some nibbles will be offered to make it a special occasion before returning to your hotel for a free evening and dinner on your own.

### DAY 4 - March 9, 2024

Wake up early to witness the sunrise at Uluru and see the desert come to life in the morning light.

Following your sunrise experience, you will return to the hotel for breakfast before you visit Uluru-Kata Tjuta National Park. This UNESCO World Heritage Site is traditionally owned by the Anangu, one of the world's oldest continuous societies. Admire its remarkable red rock formations of Uluru (Ayers Rock) and Kata Tjuta (the Olgas).

You will return to the hotel for lunch on your own and the rest of the afternoon at your leisure.

Tonight, experience 'A Night at Field of Light' with dinner under the stars and views of Uluru and the infamous Field of Light; 50,000 bulbs of colored light creating a vista of beauty that can only be appreciated in person.

DAY 5 – March 10, 2024

Enjoy breakfast this morning at your leisure before check-out and your flight to Darwin. Upon arrival, return to your awaiting ship.

## OVERLAND - ANCIENT TEMPLES OF BAGAN - 2024

Bagan was one of the first capitals of an ancient Burmese empire and, today, is one of the world's major heritage sites. Fly to ancient Bagan to behold its seemingly countless pagodas and temples, most of them constructed between the 11th and 13th centuries, when the Kingdom of Pagan was at the height of its power.

### DAY 1

This afternoon you will disembark proceed to the Yangon Airport for a flight to Bagan.

Known as the city of four million pagodas, Bagan is one of the richest archaeological sites in Asia. Here today, you can find over 2,000 pagodas, temples and monasteries that remain and built during the Bagan Dynasty founded by King Anawrahta in 1044A.D.

Arriving in Bagan you will be met and transferred from the airport to your hotel for check-in.

Dinner will be served at the hotel.

### DAY 2

Following breakfast and check out at your hotel, your day of the sightseeing will begin with a panoramic view from one of the view-points where you can see hundreds of temples stretch across the plain (your guide will choose the best location according to the season).

Continue your tour with a visit to the well-preserved Shwezigone Pagoda. Commenced by Anawrahta in the 12th century but completed by his son, King Kyansittha, it is a prototype for many later Myanmar pagodas. Its distinctive gilded zedi dominates the small town of Nyaung-U. This impressive pagoda contains 4 shrines at the cardinal points, each housing a 13ft high bronze standing Buddha, the largest surviving examples in Bagan.

Next you will proceed to the amazing Ananda Temple (via pony cart ride - can be bumpy) which is one of the four main temples remaining in Bagan. Ananda temple is one of the last surviving masterpieces of the Mon architecture. It is also known as the finest, largest, best preserved and most revered of the Bagan temples.

Continue to visit the Law Ka Nandar monastery and participate in a food donation ceremony. After the ceremony, you are invited to tour the monastery and learn of the daily lives of the monks and novices who reside there.

Enjoy lunch at one of Bagan's finest restaurants. Before lunch, the chef will demonstrate the preparation of a few traditional Myanmar delights. You are welcome to participate in their making which will then be enjoyed as your own dessert.

After lunch, transfer to a local lacquer-ware workshop where you will be welcomed by the locals with a U Shwe Yoe & Daw Moe dance performance. Here you will observe the art of Bagan lacquer-ware being created. Bagan is not only famous for the profusion of pagodas but also for its artistic handicrafts and local lacquer-ware store where the process of making each piece can be seen.

Continue to visit Gubyaukgyi with its excellent stucco carvings. After this extensive day of sightseeing you will be transferred to the Bagan Airport for the flight back to Yangon.

Upon arrival in Yangon transfer to the ship.

## OVERLAND - HIMALAYAN KINGDOM OF NEPAL - 2024

Explore the key attractions in and around Nepal's capital of Kathmandu, many of them World Heritage Sites, including temples, royal cities and other architectural treasures.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

Due to the amount of walking, at times on uneven surfaces, this program is not recommended for anyone with walking difficulty or if a cane, walker or wheelchair are used.

### Day 1 - March 30, 2024

After clearing immigration and Customs in Cochin, you will transfer to the airport and fly to Bangalore. A lunch box is served at the Bangalore airport while in transit.

Upon arriving, you will be assisted for a connecting flight to Kathmandu. Dinner is served on the flight.

In Kathmandu, you will be assisted with visa issuance and baggage collection.

NOTE: Please have on hand 1 passport sized photo for the Nepal Visa - Your tour manager will collect this from you in flight.

Home to eight of the world's 10 tallest peaks, the tiny kingdom of Nepal is ringed by the Himalayas. It is a land of contrasts, harboring a wealth of Buddhist and Hindu art and architecture. Nepal's colorful capital city Kathmandu reflects 2,000 years of peaceful co-existence and exudes a unique blend of Hinduism and Buddhism, which is distinctly Nepalese in character.

Nepal has eight World Heritage sites and has won two Heritage Awards, one for the city of Bhaktapur and the other for the Dwarika's Hotel, where you will spend the evening.

Described as a "living, breathing museum, displaying Nepal's best craftsmanship from the 13th century," the hotel rooms and public areas at Dwarika's Hotel reflect medieval architectural traditions. Every brick is handmade, every piece of wood original and centuries old.

### Day 2 - March 31, 2024

Early in the morning, you will transfer to the airport for a flight-seeing excursion (weather permitting), soaring over glacier-clad, cloud-shrouded peaks and other landscapes around Mount Everest. Afterwards, you will return to the hotel for breakfast.

Following breakfast, you will have some time at leisure and before noon you will drive to the Traditional Inn in Patan for lunch. After lunch you will visit Patan, one of three royal cities in the valley. Commissioned by India's great emperor Ashoka in the 3rd century, this World Heritage Site within four stupas is known as the City of Fine Arts.

The temples around the main square are impressive as is the Patan Museum, which is housed within a picturesque palace setting. In an international campaign by UNESCO for safeguarding monuments in Kathmandu Valley, the Austrian government joined hands with Nepal to restore and preserve Patan.

Newari architectural style blossomed in the form of temples, palaces, residences and squares between the 12th and 18th centuries, representing a timelessness in Nepalese architecture and its definitive characteristics, often guided by religious and socio-cultural norms.

You will enjoy a cup of tea in a 150-year-old restored Newari home. Its ground level is for daily activities and storage, while the floors above contain living spaces and bedrooms. The top floor serves as the family shrine and cooking and dining area.

Next, you will see Patan's Living Goddess, who typically acknowledges greetings of devotees from the balcony of her temple residence. Known as kumaris, Nepal's living goddesses live in seclusion and rarely speak in public.

After a private audience with the goddess it's on to the Singing Bowl workshops. According to the oral traditions, singing bowls were brought to Nepal from India in the 8th century along with Buddha's teachings. The Nepalese were expert bronze makers which allowed them to perfect these bowls which are commonly used as a tool for meditation. The beautiful rich tones the bowls produce are thought to help achieve a state of deep relaxation.

There's time for individual exploration before departing for Thamel - Kathmandu's hip street. Pulsating Thamel has become a world address for international trekkers, mountaineers and curio shoppers looking for a bargain.

Transfer to and enjoy drinks and dinner at a local favorite "Sam's One Tree Café". Following dinner the group returns to the hotel for the evening.

### Day 3 - April 1, 2024

After breakfast, you will drive to the World Heritage city of Bhadgaon, also known as Bhaktapur. Founded in the 9th century, Bhaktapur, also known as the City of Devotees, is revered for its medieval art and architecture. As you meander around Durbar Square, you will see the 55 Window Palace and Nyatapola temple, considered to be the finest example of Pagoda-style architecture.

Following lunch at Kathmandu's popular Chez Caroline Café, you will return to the hotel.

Later, you will visit the great Stupa at Bodhnath, one of the largest of its kind in the world. Constructed in the 14th century, the stupa is built on an octagonal base, inset with prayer wheels. Bodhnath is also a center of the Tibetan community in Nepal, where you will visit a monastery and interact with a senior monk. A visit is also made to the Thangka Painting Studio, which renowned artist Lok Chitrakar founded. The sacred art form of Thangkas is a visual interpretation of Buddhist and Hindu philosophies that date from before the 7th century C.E.

You will then visit the UNESCO World Heritage Site of Pashupatinath, one of the holiest Hindu temples and a major pilgrimage site dedicated to the god Shiva. Situated within a natural setting on the bank of the sacred Bagmati River, the temple features a pagoda style, a gilded roof and a richly carved silver door.

After watching the Aarti prayer offering ceremony at the temple, you will return to the hotel to spend the evening. Dinner is included at your hotel.

Day 4 - April 2, 2024

Enjoy breakfast at your hotel and the morning is at leisure.

Later, after a light lunch in the Courtyard, you will transfer to the airport for the flight from Kathmandu to Mumbai. Upon arrival in Mumbai, you will transfer to the pier and re-embark the ship.

NOTE: Pending confirmed flight details, this program has been planned so that World Cruise Guests will be back in time for the planned event in Mumbai.

## OVERLAND - TAJ MAHAL:THE ETERNAL MASTERPIECE 2024

One of the best-known structures in the world, Agra's fabled Taj Mahal will awe your senses and forever capture your heart. Considered to be the finest example of Mughal architecture, the Taj Mahal is a glistening mass of white marble and semi-precious stones set amid impeccably landscaped grounds. This program includes the opportunity to visit two UNESCO world heritage sites: the Taj Mahal and Agra Fort both of which are legacies from Mughal times.

Special Note: Any guests travelling with Portable Oxygen Concentrators (POC), CPAP breathing machines or scooters should read further below for airline stipulations with regards to bringing this equipment on tour.

### DAY 1 - March 30, 2024

After disembarkation from the ship in Cochin, you will proceed to the airport for your flight to Delhi.

Upon arrival at the Cochin airport, you will receive boarding passes and proceed through security. Your bags will be transported to the airport in a separate truck for an advance check-in. Lunch is arranged at an airport hotel.

On arrival in Delhi, transfer to your hotel for check-in.

Dinner is included at the hotel.

### DAY 2 - March 31, 2024

After breakfast, check out and drive to Agra via the new Yamuna Expressway with vistas of India's vast rural farming countryside.

Agra, the city of Taj Mahal was one of the grand cities of South Asia. With the arrival of the Mughals in 1526 led by Babur, Agra entered a completely new era during the reign of emperors Akbar, Jehangir and Shah Jahan. Akbar made it a great center for learning, art, commerce and culture. Its cosmopolitan bazaars and its strategic location on the river Jamuna, was altogether a worthier setting for the focus of an empire.

Upon arrival in Agra check-in to your hotel.

After lunch visit the Agra Fort, a World Heritage Site credited to Emperor Akbar, India's great visionary. His sons and theirs added to this imposing structure situated by the banks of the Yamuna River. The astonishing palaces, mosques and audience halls contained within its massive walls of red sandstone became once more a monumental mission of the Mughal Empire embellished by the artistic fusion of Islamic and Hindu tradition.

Then you will visit the Taj Mahal for sunset. With its incredible lacy white grandeur, it is perhaps the most perfect architectural monument in the world. In memory of his wife, the great Mughal emperor Shah Jehan planned this most extravagant and incomparable monument built for love. Although amazingly graceful from any angle, it is the close-up detail, which is really astounding. At sunset, the monument appears to change its hue, tinted by the glow of the setting sun.

Back at your hotel, and after some time to freshen up, enjoy the classical dance form of Kathak in the ballroom. A buffet dinner follows the dance performance.

### Day 3 - April 1, 2024

This morning you will discover the Taj Mahal at dawn. Coffee, tea, juices and rolls are served in the lobby prior to your departure.

Return to your hotel for breakfast.

Morning options following breakfast:

- Visit the Tomb of Itmad-Ud-Daulah in the old city, the first Mughal structure pioneering the extensive use

of 'pietra dura', the inlay work of marble, so characteristic of the Taj Mahal. This mausoleum is small and squat when compared to the Taj, but the more human scale has its own attraction, and the skillfully patterned surface of the tomb is exquisite.

- At the hotel, Agra's leading astrologer will be available for consultation. Appointments for an analysis of your personal horoscope can be made at the Regent Cruises Hospitality desk

- Take a look at some of Agra's famous shopping. Kohinoor, erstwhile jewelers to the Mughal court, featured in National Geographic. Old emerald necklaces, enamel, jewelry, silver, pocket watches in Gold and silver, textiles and embroidery form part of their private collection. The Marble Inlay factories steeped in this decorative art culture are also a specialty of Agra.

Return to your hotel for lunch.

Later, drive back to Delhi and check-in to your hotel.

Dinner is served at the hotel.

Overnight in Delhi.

Day 4 - April 2, 2024

After breakfast, transfer to the Delhi airport. At the airport, collect boarding passes and proceed through security and then onto the plane for the flight to Mumbai.

Upon arrival in Mumbai, transfer to the pier to rejoin your ship.

A separate van will be provided for transportation of your luggage to the pier

NOTE: Pending confirmed flight details, this program has been planned so that World Cruise Guests will be back in time for the planned event in Mumbai.

## OVERLAND - ANGKOR WAT WONDERS

Experience the best of vibrant Phnom Penh by visiting museums and the royal palace before flying to Angkor Wat for a comprehensive tour of its massive, 12th-century temple complex and Angkor Thom, the last Khmer capital.

Special Note: Guests travelling with Portable Oxygen Concentrators (POC) or CPAP breathing machines should read further below for airline stipulations with regards to bringing this equipment on tour.

### DAY 1: Tuesday March 19, 2024

Disembark from the ship in Singapore with your luggage and then proceed with immigration clearance and security check. Our representative will meet you by the Cruise Centre Arrival Hall and assist you in transferring to the Changi Airport for the flight to Phnom Penh.

Included in the program is a fast track and express Cambodia visa service upon arrival at Phnom Penh International Airport. Guests must complete all forms (Visa on Arrival, Arrival/Departure card and Passenger Declaration forms), which will be distributed on board the aircraft or will be available in the arrivals hall at the airport. An airport representative will welcome guests as they enter the arrivals hall. The representative will collect each guest's passport and a passport-size photo and proceed to process the visa. Please make sure to bring a passport sized photo in your carryon bag.

The group will fast track through immigration and collect luggage while the visas are being processed, then proceed to meet your guide and driver, who will be waiting outside the terminal in the main meet-and-greet area. Our airport representative will return the passports once the visas are processed.

Transfer to the historical Raffles Hotel Le Royal, where you will stay in a Colonial Suite. This luxurious hotel opened in 1929 and is renowned for its extraordinary service and amenities. You will have time to freshen up before the evening's foodie experience: an Urban Forage Market and BBQ tour that combines exotic street food and lively nightlife.

You will travel from place to place by tuk tuk. Accompanied by a local guide, you will explore a market, interact with vendors and sample the very best Cambodian street food. A traditional dinner will then be served at a nearby restaurant with live music from the 1960s. If time permits, you will stop elsewhere for dessert before returning to the hotel. Should you choose, you may wish to continue on your own to one of Phnom Penh's trendy late-night spots.

### DAY 2: Wednesday March 20, 2024

Following breakfast at the hotel, you will visit the Toul Sleng Genocide Museum, a former high school that became a notorious prison and torture chamber during the Pol Pot regime. After being interrogated, prisoners were often transferred to the infamous Killing Fields to be executed. Browsing the museum is a sobering experience.

You will then visit the Royal Palace, which was built in 1866 by King Norodom. The palace consists of a number of structures within a pagoda-style compound. The Silver Pagoda is so named because of its floor, which is made up of 5,000 silver tiles. Its treasures include a solid-gold Buddha encrusted with thousands of diamonds and a small 17th-century emerald and Baccarat crystal Buddha.

Continuing on, you will next browse the National Museum. It houses an abundance of Khmer art that includes sculptures from different periods of Cambodian history, 19th-century dance costumes and royal barges.

Lunch follows, after which you will return to the hotel for check-out and then transfer to the Phnom Penh airport for the flight to Siem Reap. Upon arrival, you will check into a Junior Suite at the elegant Sofitel Angkor Phokeethra Golf & Spa Resort. Ideally located just 10 minutes from Angkor Wat, the French Colonial-influenced hotel couldn't be more luxurious.

After settling in and freshening up, you will depart for dinner at the Chanrey Tree restaurant. Afterwards, you will watch Phare, The Cambodian Circus, a highly entertaining show featuring circus-like performers that relate uniquely Cambodian stories and experiences. The show's dancers, singers, musicians and acrobats put on an incredibly enthusiastic, high-energy performance that you will not soon forget.

### Day 3: Thursday, March 21, 2024

The day begins early at Angkor Wat, where you will watch a magnificent sunrise over the enormous Buddhist temple complex, which was built in the 12th century as a Hindu temple. It is considered the world's largest religious monument.

After sunrise, you will enjoy a traditional Khmer breakfast at Sala Kdei, a beautiful traditional wooden house overlooking the royal bathing pool of Sras Srang.

You will then return to Angkor Wat by entering through the serene east gate, which reveals that Angkor Wat is oriented to east unlike every other Cambodian temple, which is oriented to the west. Angkor Wat was conceived by Suryavarman II and took 30 years to build. It supposedly contains an amount of stone that is equal to that used to construct the Egyptian pyramid of Cheops. Be sure to notice the intricate bas-reliefs on all sides of the temple, as each one tells a different story.

You will also have the opportunity to receive a personal blessing from a monk at the temple. This traditional Khmer ceremony involves a sprinkling of water and lotus flowers to cleanse you of bad spirits and bring good luck for the coming year. Chances are, you will feel renewed and relaxed after the ceremony.

Note: to enter the sacred Bakan tower at Angkor Wat, visitors must wear proper attire that covers the shoulders and knees. Shorts, miniskirts or short trousers are not allowed. Children under 12 years old may not climb the tower.

Following your time at Angkor Wat, you will return to the hotel for lunch before continuing on to Angkor Thom, the last capital of the Khmers. Your exploration begins at the Terrace of the Leper King. This intricately carved platform was the royal crematorium and the statue that was originally thought to be the leper king is now believed to be Yama, the god of death.

You will continue along the Terrace of Elephants, a viewing gallery where the king once presided over parades, performances and sporting events. You will also view the grand temple of The Bayon, a 12th-century archaeological wonder at the very center of Angkor Thom. Its exterior gallery walls are covered with bas-reliefs and adorned with hundreds of enigmatic half-smiling faces.

Another highlight is the 12th-century Ta Prohm, the only temple that wasn't fully cleared of jungle vegetation after French explorers found it in the late 1880s. Giant silk-cotton trees and strangler figs grow in and atop the temple's stone ruins, making for a dramatic setting.

Before returning to Siem Reap, you will stop at the Apopo, a fascinating research center. There, a special breed of rat with an extraordinary sense of smell is trained to detect landmines so they can be safely removed from rural areas after the military conflicts in the area have ended. The rats don't weigh enough to set off the landmines and are never in harm's way. This behind-the-scenes experience will give you the opportunity to observe the rats clearing a mock mine field and talk with their trainers.

The highly valued rats are well treated. They enjoy spacious, cool lodgings, are fed plenty of fresh fruit and never work for longer than a few hours a day. They even have sunscreen carefully applied to their ears and tails to protect their skin while on duty. The rats typically retire after four years of service.

In the evening, you will return to the hotel to freshen up before the evening's culinary immersion, which offers a taste of Khmer fusion cuisine at three different restaurants. An English-speaking tuk tuk driver will take you from one venue to the other over a period of about three hours. You can expect to enjoy a starter and welcome drink at the first restaurant, a main course and drink at the second, and a dessert and drink at the third venue.

Day 4: Friday March 22, 2024

After breakfast and check out from the hotel, you will transfer to the airport for the flight to Phuket via Bangkok.

Upon arrival in Phuket, you will drive to the port and re-board the cruise ship.

Expected Weather

Hot and humid with temperatures around 30°C / 86°F with a slight chance of rain.

What to Bring

Light, hot-weather clothes, comfortable walking shoes, waterproof clothing, sunscreen, hats and mosquito repellent.

Visitors to Angkor Wat and the Royal Palace Phnom Penh must wear discrete, respectful clothing. Blouses or shirts must cover the arms and shoulders; skirts must be long to cover the legs in the Angkor region. No short skirts or shorts.

Local Currency

US dollars are widely accepted. The riel is the local currency; 4000 riel = 1 US dollar. The riel is usually given as change for amounts smaller than 1 US dollar. There are no coins in Cambodia.

Electricity

The power plugs and sockets are of type A, C two-pin. The standard voltage is 230 V and the standard frequency is 50 Hz. We recommend bringing a universal travel adaptor for electric devices.

Luggage

Domestic flights usually allow luggage to weigh a maximum of 20 kilograms or about 44 pounds. Luggage weighing more is subject to charges by the airlines at client's own expense.

Carriage of Portable Oxygen Concentrators (POC) or CPAP breathing machines on internal flights per airline regulations (subject to change as each airline has their own regulations)

1. Guests must obtain a doctor's certificate mentioning their medical condition and the need to carry this equipment with them on their flights.
2. The certificate should have attached a picture of the equipment with its description/specifications, especially with regards to the type of batteries used (lithium, dry or another type).
3. These documents must be sent to the Land Program Team via the Reservations Team at least one month prior to travel so that our local operator can begin the notification process with the airline(s).
4. Failure to comply with the above regulations may result in a denial of this equipment at the airport for which neither the cruise line nor our local ground operator be responsible.

Documents and Visa Requirements

A passport that is valid at least 6 months after travel is required and you must have at least 1 full free page for the fast track Cambodian Visa; however, we recommend having more free pages. One passport-sized photo is required. Please bring this in your flight carry-on with your passport.

**VERY IMPORTANT** - The name on your cruise booking, passport and visas if required, must all be exactly the same for flight ticket purchase for this program; otherwise, guests may be denied travel by flight. Please ensure that all documents are identical in spelling to the names provided for your cruise reservation including first, middle and last name. Manifests generated by the cruise line must match your travel documents.

Failure to have the required documents ahead of time or incorrect names on flight tickets will result in either denial of travel or ticket re-purchase and guests will be responsible for any fees incurred.

## OVERLAND - THE JEWELS OF LUXOR 2022-24

Explore the beauty and mystery of Egypt's ancient temples and tombs during this memorable journey to Luxor. Along the way, you will visit the Karnak, Luxor and Hatshepsut Temples, Colossi of Memnon, and both the Valley of the Kings and Queens.

### Day 1

Upon disembarking the ship in Safaga, you will be met and depart for the 3.5-hour drive to Luxor.

Upon arrival you will enjoy lunch and then visit the Karnak temple.

Located about two miles north of the Luxor Temple, but connected to it by an impressive avenue of sphinxes, the Karnak Temple was the most important sanctuary of ancient Egypt, and the heart of the cult of the god Amon. Each pharaoh added his own contribution to the temple over the ensuing 2,000 years.

The Ptolemies erected the massive first pylon you will see. Past the second pylon, which is guarded by a pair of huge statues of Ramses II, you will find the great hypo-style hall, the largest hall of any temple in the world. It spans 50,000 square feet and contains 134 enormous columns. You may notice that some of the columns still have traces of the brilliant paint that originally covered them. The third pylon leads to the center court, and past the fourth pylon is the 97-foot-high obelisk of Queen Hatshepsut, carved from a solid piece of pink granite.

As you pass through successive pylons and courts, you will journey back in time until you reach the oldest part of the temple, built by the pharaohs of the middle kingdom around 2000 B.C. At the south end of the temple, you will find the sacred lake where ceremonial boats took part in the worship of Amon.

NOTE: Cameras and video cameras are permitted inside the Karnak Temple free of charge.

Following Karnak Temple visit you will visit the Luxor Temple, which was originally built during the reign of Amenophis the III and then expanded by Ramses II, who added a statue of himself and two obelisks.

Today, only one of the statues remains at the Luxor Temple; Mohamed Ali gave the other one to Louis Philippe in 1831 and it is displayed at the Concorde in Paris. After Alexander the Great rebuilt the sanctuary in the 4th century B.C., the Romans subsequently rebuilt portions of it, and then the Muslims built a mosque in the temple.

NOTE: Cameras and video cameras are permitted inside the Luxor Temple.

Transfer to your hotel for check in before departing for a visit to the Luxor Museum. This marvelous museum overlooks the west bank of the Nile River and has an amazing collection of ancient artifacts. Displays range from magnificent pharaonic art to items used in everyday life, such as pottery and jewelry, including a carefully selected assortment of items from the Theban temples and necropolis.

Back at your hotel, enjoy a buffet dinner before retiring for the evening.

### Day 2

Following a buffet breakfast, you will cross over the Nile to the West Bank to visit the Valley of the Kings, hidden in the foothills of the Gourma Mountains. More than 60 tombs of pharaohs and noblemen have been excavated in this valley. The kings' formal names and titles are inscribed in their tombs, along with their images and statues. Between the 18th and 20th dynasties, the kings abandoned the Memphis area and built their tombs in Thebes.

Enjoy a special visit to the longest and one of the most beautiful tombs in the valley known as Seti I Tomb. It is still recognized as an elaborately decorated monument from the times of Sety I and his son, Ramesses II. The most fascinating aspects of the tomb are the well-crafted decorations that brought antiquity to vivid life

Next you will visit King Tutankhamun's tomb where his mummy still rests, and if time permits, you may be able to have a look into one or two other tombs in the area.

Continuing on, enjoy a photo stop at the Hatshepsut Temple, whose unique design features a series of grand terraces extending up a cliff with rows of square granite columns blending in with the mountainside.

From here, you will proceed for a visit to Valley of the Queens where you will be visiting Queen Nefertari's Tomb known for its lavish decoration and colors - it is one of the largest and most spectacular in the Valley of the Queens. Nefertari Meritmut, was an Egyptian queen and the first of the Great Royal Wives (or principal wives) of Ramesses the Great. The number of visitors here per day is limited and prior permission to visit must be requested. This has been specially arranged for our group.

NOTE: there are a series of steps (up to 20 steps per chamber) to go down into the various tombs and the ground surrounding the tombs is uneven and dusty. It is also extremely hot here.

Cameras and video cameras may be used during your visit, but are not permitted inside the tombs.

Next, a photo stop will be made at the Colossi of Memnon. This structure was originally built as a mortuary temple in Thebes and guarded by two gigantic statues on the outer gates. All that remains today are the 75-foot-high, 1,000-ton statues of Amenhotep III. Though damaged by nature and ancient tourists, the statues are still impressive nonetheless. NOTE: Cameras and video cameras are permitted free of charge.

Finally you will embark on a Dahabeya boat for a cruise along the Nile including lunch. Arriving at your hotel, you will check-out and depart for the 3.5-hour drive back to Safaga. Upon arrival, you will proceed directly to the pier and re-embark the ship.

## OVERLAND - SPAIN'S INCREDIBLE INTERIOR - 2024

Follow a circuitous route through central Spain to explore cities and UNESCO World Heritage sites not readily reachable from the coast, including Madrid, Toledo, Segovia's Roman aqueduct and Cordoba's Great Mosque.

### DAY 1 - May 2, 2024

After disembarking the ship in Barcelona, you will meet the tour guide that will accompany you throughout this overland program. A short transfer will bring you to the Sants train station, where you will board the AVE high-speed train for a picturesque, 3.5-hour journey to Madrid. A box lunch will be provided, and cafeteria service is available on the train.

Upon arriving in the capital, you will settle in for a panoramic drive down streets such as Gran Via, which is lined with early 20th-century architecture. Other sights may include the Parliament House and Puerta del Sol, Madrid's historical and geographical heart.

The walking portion of the tour will begin with a stroll through Plaza de España, where you will view the Don Quixote monument. Check-in at the Meliá Madrid Princesa hotel and time to relax follows, after which you will travel to a nearby venue for a tapas dinner and passionate flamenco performance.

The remainder of the evening will be spent at your leisure at the hotel.

### DAY 2 - May 3, 2024

After breakfast and check out from the hotel, you will travel to Toledo, a city so architecturally rich that Spain has declared it a national monument. While walking through Toledo, the guide will point out the various styles of architecture, including Arabian, Jewish, Mudéjar, Gothic, Renaissance and Baroque. You will have the opportunity to explore the interior of the synagogue of Santa Maria La Blanca. Constructed in 1180 in the Mudéjar style, it features 32 pilasters and five naves.

Toledo was the capital of Spain from the Gothic epoch until 1560 and much of the architecture from that time has been beautifully preserved. The streets are so atmospheric that it is easy to imagine what it was like there in the Middle Ages.

Continuing on, you will drive to Cordoba, stopping for lunch along the way. Once in town, you will begin a panoramic drive of Cordoba that passes the Roman bridge, the royal palaces and the Calahorra Tower. Following check in at the Soho Boutique Cordoba hotel, you will have time to relax before dinner at a nearby restaurant.

You will then overnight at the Soho Boutique Cordoba.

### DAY 3 - May 4, 2024

After breakfast and check out from the hotel, you will tour more of Cordoba, a UNESCO World Heritage site hailed for its extraordinary architecture. Highlights include browsing the magnificent Great Mosque, which is now the Catholic cathedral, and strolling through the former Jewish Quarter.

You will then drive to the small town of Montilla and visit Bodega Alvear, one of the oldest wine cellars in Andalusia, as it was founded in 1729. There, you will see how sherry is produced and enjoy a sampling of it with snacks.

Following lunch at a nearby restaurant, you will continue on to Ronda, a dramatically picturesque city perched atop two sheer cliffs that form the El Tajo canyon. Over time, the Guadalevín River carved the deep, incredibly photogenic canyon out of the rock. Many of the buildings were constructed right on the edges of the cliffs, and three ancient stone bridges provide the only means to travel from one side of the city to the other.

After checking into the hotel in Ronda, the remainder of the day will be at your leisure with dinner on your own.

### DAY 4 - MAY 5, 2024

Following breakfast at the hotel and check-out, you will follow a guide through Ronda on an eye-opening walking tour. The Plaza de Toros may be the highlight as it was completed in 1785, making it the oldest bullring in Spain. Bullfighting aficionados such as Ernest Hemingway and Orson Welles have watched some of Spain's most legendary toreadors fight there, and original paintings by Malaga-born Picasso adorn the interior walls.

The Church of Santa Maria la Mayor is another landmark, and to see it you will cross over El Tajo canyon. The earthquake of 1580 destroyed much of the first church built on the site, and the renovated version that stands today features a beautiful blend of Gothic, Renaissance and Baroque architectural elements.

After the walking tour, guests participating in the World Cruise Event will transfer to Malaga. The rest of the group will enjoy lunch at the Parador Hotel before heading to Malaga. During the brief city tour that follows, those guests will pause for photos at the magnificent, 10th-century Gibralfaro Castle and then rejoin the ship.
